

Kiera Ursacki

Competitive Instructor & Choreographer

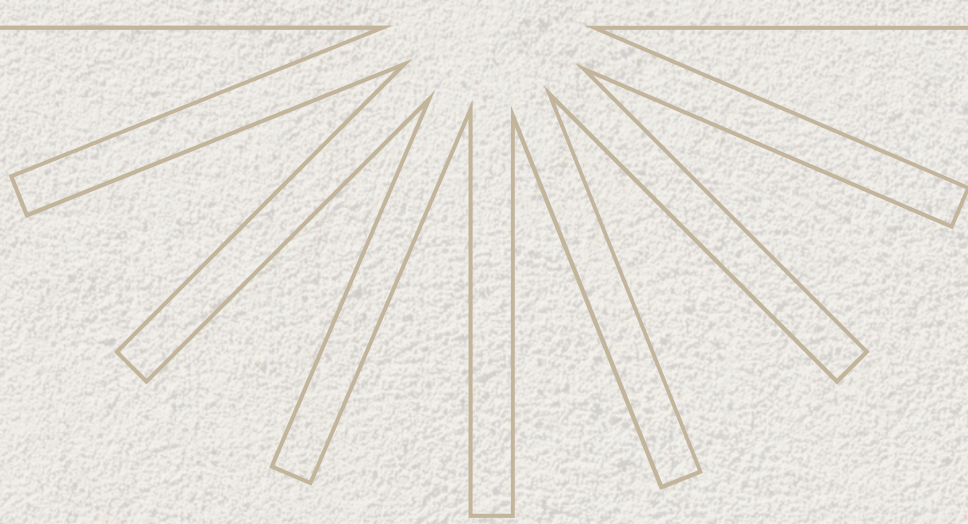

Kiera started dancing at the age of 4 and started to compete at the age of 7 continuing until she was 19 years of age!

While competing Kiera won many special awards and scholarships for performances. She was always known for her hair whips in her solos or her faces on stage.

After graduating from her super senior year, she knew her time for performing was definitely not over! Kiera signed her first contract with Niagara Riverlions dance pak and has now completed her second season with the team!

She also knew after she graduated, she wanted to start a career in teaching dance to the next generation.

Currently Kiera teaches hip hop, jazz and lyrical and is loving every second of it. She currently is studying to take her Dance Masters of America teacher certification exam as well as enrolling to receive her Performing Arts Educators of Canada (PAEC)

Not only is Kiera a dance teacher she is also a hairdresser! Being able to manage both has been a blessing for her doing both things that she loves.

Kiera is so excited to be able to share her passion of performing and energy with the students!
